

Workstream Partner Program - Join Now

Whether you're consulting for a public sector project, rolling out systems for a private client, or helping teams adopt better workflows—your impact goes beyond advice. You implement. You deliver. You build trust. **The dimeri.ai Workstream Partner Program** is designed for business development professionals, consultants, and agencies helping clients improve how they work. Use Dimeri.ai to manage your client projects—and when they adopt it for themselves, you earn a commission..

Who It's For

- ✓ Independent consultants & SMMEs.
- ✓ Business development professionals and advisory teams.
- ✓ Agencies delivering tech enablement, HR, audit, or compliance services.
- ✓ Teams working across: Public sector & municipalities, Private businesses (manufacturing, logistics, finance, etc.) & NGOs and development partners.

What You Get

- ✓ Commission for every client signed
- ✓ Free Internal License for your work and project
- ✓ Client Demo Kit (demo links, pitch deck, use case slides) and more...

“

Dimensional Risk's Enterprise Risk Management Software is an exceptional solution, offering a user-friendly interface and powerful features that greatly improve an organization's ability to manage risks effectively.

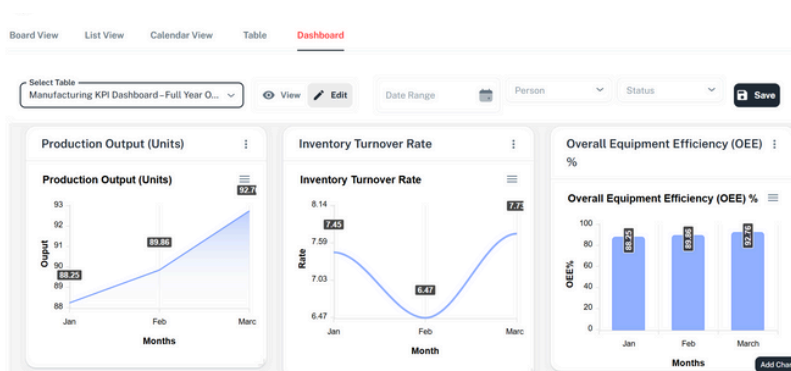

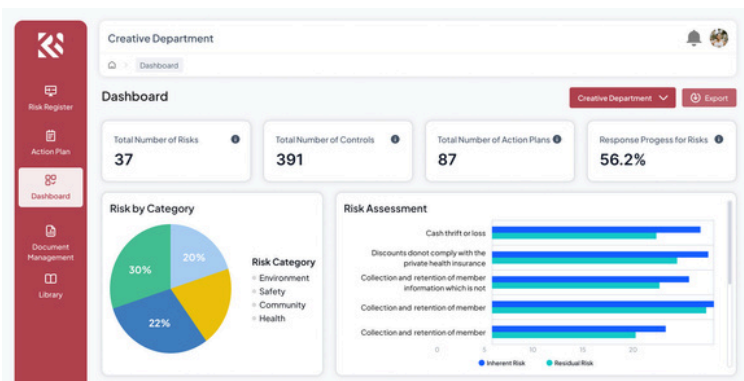

”

Fahad Zafar, Former Executive Director, PPP Consultants

“The project board has a great drag and drop experience to manage tasks visually across different stages, while the Interactive Flowcharts allow for team collaboration on workflows, making it easy to align the team in one board.”

Ahmed Nasser, Accountant Consultant
